

Mysteries of Diesel Injectors

Instructor:

Karl Schneider

BOSCH

Understanding diesel injection and combustion for optimal results in your diagnostics and repair.

- *Modern Diesel Injectors System Overview*
- *Evolution of Diesel Injection Systems*
- *Injector Types/Identification*
- *Injector Operation*
- *Injection Process and Strategy*
- *Identifying Injector Wear and Fault Diagnostics*
- *Mechanical Injector Service Tools*
- *Electrical Testing and Scope Patterns*
- *Injector Coding*
- *Common Faults - Causes and Solutions*

**Saturday
10/18/25**

8am to 5pm

Code: **SEM1944**

Cost: **\$385 USD**

Per Student

**WorldPac Warehouse
1700 Lakeside Pkwy,
Flower Mound, TX
75028**
