

It Starts with a Spark

Ignition Waveform Acquisition and Analysis

Instructor:

Brandon Steckler

Ignition System Operation and Secondary Waveform Interpretation for Immediate Diagnostic Application

- Primary and Secondary Ignition System Operation and Spark Event
- Tool Selection and Ignition Waveform Capture Techniques
- Coil Charge, Inductive Release and Ionization
- Firing Line, Burn Time and Oscillation Pattern Analysis
- Known-Good Waveform Capture and Fault Pattern Comparison
- Ignition Waveform Analysis in Daily Diagnostic Work

Saturday
12/5/26

8am to 5pm

Code: **SEM2002**

Cost: **\$385 USD**

Per Student

**Hilton Garden Inn
Greensboro Airport
238 NC Highway 68
South, Pai Park,
Greensboro, NC 27409**
